At our OMEGA showroom the Seamaster Planet Ocean 45.50mm Chronograph is equipped with the exclusive OMEGA co-axial calibre 9300/9301—the first in our family of in-house movements to incorporate a chronograph function. Featured models have a bold 45.50 mm stainless steel case on a brushed and polished stainless steel bracelet with a choice of bezels in orange matt aluminium or matt black ceramic. CELEBRATING 20 YEARS

From humble beginnings Perfect Potion has come a long way, celebrating their 20th anniversary this year.

Founders, Sal Battaglia and his partner Carolyn Stubbin are qualified aromatherapists, naturopaths and acupuncturists and share a great passion for organic and natural skincare and aromatherapy. Perfect Potion is driven by a strong desire to promote a holistic approach to life and wellbeing and is the first Australian company to obtain certified natural cosmetics (BDIH) status from Europe. The BDIH is an international certification organisation and has very strict standards for the manufacture of natural cosmetics which mean the majority of Perfect Potion products are derived from raw materials obtained from certified organic plants, have had no animal testing, contain only naturally derived preservatives, and support fair trade. Perfect Potion was recently awarded the 2010 QBR environmental sustainability award and was recognised as a top 400 Queensland company.

The Perfect Potion team will celebrate at the MacArthur Central store Christmas party on Friday the 9th of December from 6pm. Ph 3211 9935.

Dior VIII
The number 'eight' has long held special significance for the House of Dior. Now Dior Horlogerie has introduced the VIII line of elegant women's timepieces destined to become a timeless classic. The Dior VIII is crafted in high-tech black ceramic and will be just as versatile an addition to any woman's wardrobe as the 'little black dress'. There are three distinct collections within the range: eight 'ready to wear'

pieces; four baguette pieces, colourful and playful like a cocktail dress; and five Grand Bal limited edition pieces, the movement of which is reminiscent of a swirling ball gown. A full collection of Dior VIII is available in all Watches of Switzerland stores. Pictured here is the Dior VIII 33mm Diamond Dial, RRP \$7050

IWC Portofino Automatic
This classically elegant Portofino is an unambiguous statement of the Portofino philosophy: discreet, self-assured and, quite simply perfect. This year, the line includes the improved Automatic model. The elegant 40mm stainless steel case of the new Portofino tastefully accentuates the silver plated dial and Milanese mesh bracelet. The new collection perfectly unites Swiss precision with the inimitably Italian love of life, state-of-the-art engineering and traditional craftsmanship. RRP \$5800

The New TAG Heuer Link Calibre 5
Motion, purity, curve, precision, an almost liquid-metal dynamism in its streamlined form and silhouette – these are the signature values of TAG Heuer's new LINK collection. The symmetries between the dial and the bracelet, and between the links of the bracelet itself, evoke the fluid lightness and

movement of contemporary architecture; clean lines in shimmering steel, sparkling glass and monochromatic text. RRP \$3350

Jaeger-LeCoultre Ultra Thin Pink Gold
Offering the comfort of an ultra-thin watch combined with that of an automatic movement visible through the transparent case back.
